HeMast TECHNOLOGIES

Welcome to HeMast Technologies, Inc.

HeMast Technologies, Inc is an established software consulting, development and training company since 2000 with a commitment to provide its customers with excellent technical resources and services in a highly professional and ethical manner.

HeMast Technologies is a global Information Technology services company providing IT consulting, technology and outsourcing services. HeMast is an emerging leader in the Enterprise Applications and IT Services marketplace, drawing its expertise from strategic partnerships with technology principals like ERP, CRM, Data Warehousing, Web Technologies and System Integration and its deep understanding with over decade experience.

OUR VISION

By building a clear sense of purpose and strong relationships within HeMast Technologies, the staff and leadership team can then aspire to be the technology service provider that is the standard by which others are measured and to provide quality services that our clients ask for by name.

OUR MISSION

At HeMast Technologies, we stand for Integrity, Ideas, Ethics, Culture, Respect for Individuals, Quality, Drive and Excellence - these ideals form the basis of our business operation today. This helps us to

OUR DIFFERENTIATION

At HeMast Technologies, we are confident you will be thrilled with our level of service and the quality of our candidates. We are certain of our process, as we have teams, built by industry expertise, who work together; yet each client has their own unique service/result. Thus offering high quality and cost optimized IT Services and Consulting to customers worldwide with onshore, offshore and dual-shore delivery options.

ABOUT US

OUR VALUES & STANDARDS

We have created our values through our experience. At HeMast, it is obvious that this envisaged excellence is not merely a product of processes and methodologies but impossible without the People. Our values reflect what we do and who we are, guiding us through the clutter and shaping our future.
